FIELD TRIPS

We really enjoyed our trip! Everything was so well organized and the STEM lesson kept the students engaged. They were so excited to skate and enjoyed fighting the force of gravity to try to stay on their feet. We look forward to planning another trip with you next year!

- JEN LABOK, 5TH GRADE TEACHER, SAND PINE ELEMENTARY, PASCO COUNTY

Our students all enjoyed the United Skates STEM Field Trip. They were able to learn while having fun. The entire staff was extremely helpful and very organized. Our students look forward to returning!

- MRS. CODDIE WEBSTER, ASSISTANT PRINCIPAL, BEN HILL MIDDLE SCHOOL, HILLSBOROUGH COUNTY

When I first heard that we were going to United Skates, I wondered what's the purpose? Then when I heard about STEM and how it incorporated skating and the technology behind it, I was impressed.

- ALICIA ALONZO, 3RD GRADE TEACHER, TURNER/BARTELS K-8 SCHOOL, HILLSBOROUGH COUNTY
